A purpose for every pocket

Our line of single-document holders offers true display flexibility for single, multi-sheet or brochure information. Magnetic pockets hold your information on filing cabinets, machines, and other metal surfaces, while hanging pockets let you hang and display important information virtually anywhere.

Take Kang for example. This multi-purpose self-adhesive pocket lets you display documents clearly and neatly-without tape, glue or tacks! The strong corner magnet holds documents firmly almost anywhere.

Kang's many uses will never cease to amaze you !

# KANG

# EASYPOCKET

- Pocket with a side opening for quick and easy document handling
- Pull off the cover sheet to slide the document in

## Start up kit:

Two types of pockets are currently available:

- 1) Pocket with right-sided opening: standard A4 / 8.5"x 11"(US) pocket, green frame, ideal to protect documents that are frequently used. The colored frame makes it easy to spot and to handle whether the pocket is inside a mail drawer or in a pile of documents.
- 2) Pocket with left-sided opening: standard A4 / 8.5"x 11"(US) pocket with blue frame. Equipped with steel pivots for mounting on tarifold steel items (wall or desk units and so on). Documents can be slid in while pockets stay mounted on the unit.

It's your best help for documents you change very often
